

This exercise augments class discussion of posters and accompanying presentations.

1. List the members of your group below. Underline your name.
2. List the main objectives of a poster, focusing on those for Capstone projects.
3. List design features of a poster that may help in achieving the objectives listed for Question 2
4. List three important features of good posters, other than those in Question 3.
5. List three similarities and three differences between poster-presentations and other presentations.

6. Outline the design of a poster for your Capstone project, emphasizing higher-level design over smaller details.
