

**Today:** All-pairs shortest paths, continued; Floyd-Warshall algorithm. 25.\*.

**Next class:** Homework due. 25.\*. Synthesis of recent material.

**Reminders:** Homework. Newsgroup. Reading. Coding. Practice. Don't fall behind.

1. List the members of your group below. Underline your name.

2. Trace the execution of the textbook's FASTER-ALL-PAIRS-SHORTEST-PATHS algorithm (p. 691) on the following graph (from the previous exercise).

3. Repeat Question 2 using the FLOYD-WARSHALL algorithm.
